CMS / E-Commerce: Shopify (Liquid), WordPress
AI Tools: Claude, ChatGPT, Gemini, DeepSeek, Figma Make, Google Stitch, Open Code
Languages: Spanish (Native) | English (B1 Intermediate)

PROFESSIONAL EXPERIENCE

Senior Frontend Engineer & UI/UX Designer | 1950 Labs — Montevideo, Uruguay (Remote) | *2022 – Present*

- Developed and scaled a digital marketing platform using Vue.js with over 10,000 global active users, ensuring high availability and performance. Worked under Agile/Scrum methodology applying sprint planning and regular code reviews.
- Reduced application load time by 40% through migration to Vite, improving Core Web Vitals and user experience.
- Created reusable components to optimize project architecture and avoid unnecessary code duplication. Both components and full layouts are cross-browser compatible, ensuring adaptability across all browsers.
- Led the design and implementation of a complete design system in Figma, increasing visual consistency and reducing development time for new features.
- Implemented WCAG 2.1 accessibility standards and E2E test coverage with Cypress, elevating product quality.
- Conducted UX research and A/B testing that drove data-informed product decisions.
- Collaborated with product and engineering teams to plan architecture, define REST APIs, and ensure long-term scalability.

Frontend Engineer & UI/UX Designer | Nayra — Buenos Aires, Argentina | 2017 – 2022

- Developed multiple web applications using React, Vue.js, JavaScript, HTML5, CSS3, Shopify (Liquid), and WordPress, from design stage through production.
- Designed design systems, prototypes, and reusable components that improved team delivery speed.
- Enhanced user experience through A/B testing and UX research with conversion and retention metrics.
- Worked end-to-end on proprietary projects with local and international clients, managing technical autonomy and stakeholder communication.

Frontend Engineer (Freelance) | Independent — Buenos Aires, Argentina | 2014 – 2017

- Developed websites for the pharmaceutical sector, facilitating digital expansion for clients across Latin America.
- Applied best practices in responsive design, technical SEO, and web accessibility.

EDUCATION

Escuela Da Vinci de Multimedia — Web Development & UI/UX Design (2013 – 2017 | Completed)
Fundación Gutenberg — Graphic Design (2011 – 2012 | Incomplete)
